

172cfm

Engine

Type	Deutz Diesel C50
	3 Cylinder
	Electric key start
Power	35.5 HP @ 2,750 RPM
Battery	12V
Fuel tank capacity	60 ltrs

Compressor

Manufacturer	Comp-air
Type	Oil flooded rotary screw
Number of stages	One
Rated delivery	172 cfm
Operating pressure	80 - 115 psi max
Cooling system	Oil to air
Air intake	Single stage dry
Type of control	0-100% demand

Weight	1,650kg
Dimensions	1,550mm(H) x 1,850mm(W) x 3,800mm(L)
Pot Capacity	100kg (1.5 - 2 hours)
Blast Hose Max Length	100m - 20m standard
Blast Nozzle I/D	3/8" - 9.5mm

172cfm Trailer Mounted Rig

Versatile Capability

- Exclusive cutting agent is gentle and environmentally friendly
- Incorporates heat to efficiently clean to the virgin surface
- Low operating pressure do not erode into the base structure
- Completely adjustable to suit the application at hand
- Self contained unit
- Simple and safe to operate
- No chemicals used
- Low water consumption
- Low media consumption
- A heavy duty unit with diverse applications
- General cleaning and finish removal

Market Sector

- Marina and dry dock
- Industrial applications
- Cleaning of plain or detailed stonework, iron and timber
- Removal of most surface coatings
- Graffiti removal from most surfaces
- Highway maintenance and roadmarking
- Automotive and aircraft finish removal
- Railways
- Powder coating and paint from aluminium
- Removal of most surface coatings
- Cleaning or stripping of commercial and industrial equipment, trucks, machinery, trailers, without removing hydraulic hoses
